

PROJECT PROPOSAL

ShikshaMitr

A Digital Learning Platform for Easy and Effective Education

1. Introduction

In today's digital era, students need easy access to reliable educational resources. Many students find it difficult to obtain previous board question papers, practice papers, and useful notes in one place. In addition, students from 5th standard onwards may face difficulties while reading English.

To address these problems, we are developing **ShikshaMitr**, an educational website that provides useful study material on a single digital platform. The website aims to make learning easier, more accessible, and more effective for students.

2. Problem Statement

- Difficulty in finding 10th standard old board question papers.
- Limited availability of practice papers for exam preparation.
- Difficulty in finding useful and organized study notes.
- Many students from 5th standard onwards struggle with English reading.
- Students may find English pronunciation and sentence reading difficult.
- Study resources are often scattered across different platforms.

3. Objectives of the Project

- To provide 10th standard old board question papers in one place.
- To provide practice papers for effective exam preparation.
- To provide useful subject-wise notes.
- To improve English reading skills through a simple step-by-step method.
- To make English reading easier and more understandable for students.
- To encourage self-learning among students.
- To save students' time by providing learning resources on one platform.

4. Proposed System

ShikshaMitr is a student-friendly educational website designed to provide academic resources and support learning through simple digital tools.

A. 10th Old Board Question Papers

Previous 10th standard board question papers will be made available so that students can understand the examination pattern and practice previous questions.

B. Practice Papers

Practice papers will help students test their preparation and improve their confidence before examinations.

C. Notes

Useful study notes will be organized so that students can revise important concepts easily.

D. Easy English Reading

A step-by-step English reading section will be provided for students who find English difficult. The learning process can follow: **Word** → **Pronunciation** → **Simple Reading** → **Sentence Reading** → **Practice**.

5. Target Users

- Students from 5th standard onwards.
- 10th standard students preparing for board examinations.
- Students who want to improve their English reading skills.
- Teachers and parents looking for supplementary learning resources.

6. Key Features

- Simple and user-friendly interface.
- Easy navigation.
- 10th standard old board question papers.
- Practice question papers.
- Subject-wise study notes.
- Step-by-step English reading support.
- Student-friendly learning material.

7. Technologies Used

- **Frontend:** HTML, CSS, JavaScript
- **Backend:** PHP / Python / Node.js
- **Database:** MySQL
- **Development Tools:** Visual Studio Code and Web Browser

8. Working of the System

Home Page → **Select Category** → **Select Subject** → **Select Material** → **Study / Practice**

For English Reading: **English Reading** → **Select Level** → **Learn Words** → **Pronunciation** → **Read Sentences** → **Practice**

9. Advantages

- Provides study material in one place.
- Saves students' time and effort.
- Helps students prepare for board examinations.

- Improves practice and confidence.
- Makes revision easier through organized notes.
- Supports improvement in English reading.
- Encourages self-learning.

10. Future Scope

- Online mock tests.
- Online quizzes.
- Automatic result generation.
- Video lectures.
- Audio-based English pronunciation.
- Student login and progress tracking.
- Class-wise study material.
- Doubt-solving section.
- Teacher login.
- Mobile application.

11. Expected Outcome

The project is expected to provide students with easy access to educational resources through a single platform. It will help students improve their exam preparation, practice, revision, and English reading skills. The step-by-step reading feature is especially intended to build confidence among students who find English difficult.

12. Conclusion

ShikshaMitr is not only an educational website but also a digital learning companion for students. By bringing question papers, practice papers, notes, and step-by-step English reading support together, the project aims to make education simpler, more accessible, and more effective.
